PROFILE

I am currently a Digital Media Developer for the Edmonton Eskimos Football Club. I am responsible for creating all internal videos for the team, as well as running and updating the team website.

EXPERIENCE

Digital Media Coordinator

Edmonton Eskimos Football Club / 2013 - Present

- Create all the video content that appears on the Eskimos website for thousands of fans
- Film and edit live games, while getting content up as quickly as possible
- Showcase high quality of work, and time management while working under tight deadlines
- Work both independently and as part of a team to ensure new content was being created
- Show an extremely high work ethic while working on multiple projects at once

Player Development Intern

Edmonton Oilers Hockey Club / 2013 - 2013

- Cut up footage of games taken around the world, and edited videos for the scouts
- Filmed live games of the Edmonton Oilers, and Edmonton Oil Kings
- Worked independently with constant communication with the rest of the team

Digital Media Developer

City of St. Albert / 2012 - 2012

- Worked as part of a team that planned, filmed, and edited Health and Safety Videos.
- Able to handle multiple projects at a time, while prioritizing and staying organized in order to complete everything quickly and proficiently
- Able to new and unexpected situations, from new software to last minute projects
- Worked independently when needed to, as well as in a team environment

TRENT SCHNEIDER
